

External Course Schedule June 2020

Course Schedule

In our response to the COVID-19 pandemic, Aerospace University is making an effort to virtualize in-person courses, and postpone those that are unable to be offered as a fully virtual experience. This limits the amount of classes currently offered to government customers; those available can be found below. Due to the frequency of additions and updates, this schedule will be updated monthly. Government customers must first apply for a TLC account, and then can register for courses after receiving their online credentials.

Virtual

Architecture Processes: Overview	June 1, 2020
Space System Overview	June 1 – 4, 2020
The Art & Science of Systems Architecting	June 2 – 4, 2020
Cloud Computing Overview	June 8, 2020
Architecture Frameworks and Modeling: Overview	June 9, 2020
Orbital Analysis and Visualization Using SOAP, Part 1	June 11, 2020
Orbital Analysis and Visualization Using SOAP, Part 1	June 16, 2020
Software Architecture Evaluation	June 16 – 17, 2020
Digital Radio Communication Overview	June 24, 2020
Asteroid Deflection Simulator: Hands-on	June 29, 2020
